### INDUSTRIES

- Climate Change and Clean Technology

### OVERVIEW

David Heisey is a partner in the Intellectual Property Practice Group in Sheppard Mullin's Del Mar Heights office.

### Areas of Practice

Mr. Heisey's practice is devoted to the representation of high technology and life sciences clients with extensive experience in patent portfolio development and patent infringement litigation. David also has significant experience in opinion and counseling, due diligence, licensing, and trademark matters.

Mr. Heisey is a registered patent attorney with experience in prosecution of patents in a variety of technologies, including green/clean energy applications, computers, computer software and accessories, medical instruments, electromechanical devices, online marketing/advertising, email filtering systems, semiconductors, thermoelectric devices, combustion engines, superchargers, unmanned aerial vehicles (UAVs), aerospace applications, catheter systems, contact lenses, intraocular lenses, water purification systems, holography, document security systems, musical instruments, and more.

Mr. Heisey has recently represented clients including Northrop Grumman, Applied Solar LLC, Quantum Corporation, Mitek Systems, Inc., Nextec Applications, Inc., MasterCard International, CODAN US Corporation, Transonic Combustion, and Clean Energy Fuels Corporation.

Prior to joining Sheppard Mullin, Mr. Heisey was associated with the San Diego offices of Luce Forward and Lyon and Lyon. In addition, Mr. Heisey was employed as a Patent Examiner at the United States Patent and Trademark Office.
