Julia Kadish is an associate in the Intellectual Property Practice Group in the firm's Chicago office and is a member of the Privacy and Cybersecurity Team. She is certified by the International Association of Privacy Professionals (IAPP) for CIPP/US, CIPM and CIPT.

Areas of Practice

Julia is particularly experienced in helping clients as they create global privacy programs. Her work includes gap assessments, remediation plans, data breach response and preparedness. She reviews company products and services for privacy implications, drafts online terms and conditions and privacy policies and advises clients on cross-border data transfers and compliance with U.S. and international privacy regulations and standards. She also assists with privacy and cybersecurity due diligence in various types of corporate transactions and reviews disclosures in public company filings and governance documents.

Julia's practice also includes drafting and negotiating data security exhibits, data processing agreements, data licenses, software licenses, professional services agreements and other commercial agreements involving technology. Her prior background experience includes roles as both in-house and outside counsel.
