Sheppard Mullin, HealthScape Advisors and Ziegler will host an evening of contemporary art, craft cocktails and delicious hors d'oeuvres in conjunction with the **2019 JP Morgan Healthcare Conference**.

Attendees will enjoy an exclusive look at the latest installation by SWOON, a classically trained visual artist and printmaker who has spent the last 14 years exploring the relationship between people and their built environments. SWOON's early interventions in the urban landscape took the form of wheat-pasting portraits to the walls of cities around the world, and her public practice has expanded to using art to rebuild communities and humanize today's most pressing social and environmental issues. Her work has been shown internationally at galleries and museums, including the Museum of Modern Art, New York; the Brooklyn Museum; the Institute of Contemporary Art, Boston; and the São Paulo Museum of Art.
