

Connectivity Business Investment Conference

June 26-27, 2019

Where:

55 Hudson Yards
New York, NY 10001

When:

3:10pm - 4:00pm

Speaker:

Brian Weimer will moderate the panel discussion

Topic:

The outlook for investments in fleet connectivity

About:

The annual Connectivity Business Investment Conference will explore the critical strategic and financial issues impacting private and public equity and debt capital investments across the rapidly evolving broadband infrastructure industry.

The program will consider a number of communications infrastructure segments including 5G technologies / spectrum, fibre networks, macro cell towers, data centres, small cell networks, IoT applications, LEO constellations, smallsats, and high-altitude platforms, and other communications infrastructure.

With active participation from conference delegates, the global forum will advance the investment community's understanding of the opportunities and challenges in the pursuit of appropriate returns on invested capital from the connectivity industry.
