

Commercializing Diagnostics in the Era of Precision Medicine

Presented by UCSF-CTSI Catalyst Awards

05.08.2015

8:30 a.m. - 10:00 a.m.

Genetech Hall
Byers Auditorium
UCSF Mission Bay
600 16th Street

Join the UCSF-CTSI Catalyst team and Sheppard Mullin for a panel discussion on development and commercialization of diagnostics in the exciting time of state and nation-wide initiatives on Precision Medicine and in current climate of investing, intellectual property law and reimbursement. The panelists include:

- **Wayne Brown, JD** – Deputy General Counsel & Chief Intellectual Property Officer, Quest Diagnostics
- **Mitch Nelles, PhD** – Chief Operating Officer, CareDx
- **Alex Nie, JD PhD** – Special Counsel, Sheppard Mullin Richter & Hampton LLP
- **Kimberly Popovits** – Chief Scientific Officer & President, Genomic Health
- **Amy Sehnert, MD** – Senior Director of Clinical Affairs, Illumina
- **Phyllis Whiteley, PhD** – Venture Partner, Mohr Davidow Ventures

Moderated by **Linda McAllister**, VP Scientific Affairs, Becton Dickinson Biosciences.

Breakfast is served at 8:30, panel discussion will start at 9:00.

Event is open to public. Please RSVP by May 6th.

LiveStream will be available – check back here for the link on May 7th.
