

Andy Guilford Ranked by Daily Journal EXTRA as Top 100 Attorney

09.29.2004

Andy Guilford, Orange County-based Sheppard Mullin partner, has been named as one of California's "Top 100" influential attorneys in the September 27 issue of *Daily Journal EXTRA*. The publication states "Guilford fended off two lawsuits collectively seeking \$45 million from Wells Fargo, one claiming wrongful foreclosure and the other an improper wire transfer. Up next: defending a patent on DNA technology for biotech giant Beckman Coulter. A fabled do-gooder, he also helped draft the state's new rules on multijurisdictional practice and, as president of the Public Law Center, bumped up its budget 10 percent. *'He's probably done more as a leader in Orange County than any other leaders I can think of in the last 30 years.'*"
