Gabriel Khoury is an associate in the Corporate Group in the firm's Washington, D.C. office. He is the Lead Associate of the Blockchain and Digital Assets Team.

Areas of Practice

Gabriel assists the Blockchain and Digital Assets Team in legal and regulatory issues relating to the use of blockchain technology, social media, Web3.0, video games, online gambling, virtual goods and currency, social tokens, decentralized autonomous organizations, Esports, the metaverse, money transmission, financial technologies, NFTs, and artificial intelligence. Gabriel also assists the Telecom Team in all aspects of communications law including, satellites, spectrum, 5G implementation, media companies, and emerging technologies.

He holds certifications in NFT technology and Blockchain Law from the Blockchain Council.

Gabriel maintains an active Pro Bono practice including assisting the Consent Decree Monitor in overseeing the New Orleans Police Department's implementation of Facial Recognition Technology.

During law school, he was an editor on the Georgetown Technology Law Review and was a Student Attorney in the Communications & Technology Law Clinic, where he worked on children's privacy issues. He interned in the Cyber Unit of the Securities and Exchange Commission where he investigated cryptocurrency fraud, at the Federal Communications Commission, and at an Intellectual Property Litigation Boutique.
