Lynsey Mitchel is a partner in the Corporate Practice Group in the firm's Century City office, a leader of the Health Plan Practice and a member of the firm's Healthcare team.

Areas of Practice

Lynsey represents health maintenance organizations, managed care organizations, medical groups, hospitals, home health providers, medical device retailers and other healthcare entities and providers.

Lynsey has deep expertise in managed care, including HMO regulatory matters and has assisted numerous clients to obtain HMO licensure as healthcare service plans under California's Knox-Keene Health Care Service Plan Act. Lynsey has represented approximately half of all currently licensed restricted Knox-Keene HMO license holders in California in their licensure process. Lynsey has worked on HMO licensure and other matters for Medicare Advantage, commercial and Medicaid health plans, including dental and vision plans. Lynsey also assists health plans with regulatory compliance matters, material modifications, growth strategies, acquisitions, training, and drafting and negotiating provider contracts, plan-to-plan contracts and pharmacy benefit manager contracts.

In the managed care sector, Lynsey represents payors and providers participating in accountable care organizations (ACOs), bundled payment initiatives and other cutting edge risk-sharing arrangements, including pay-for-performance and gainsharing arrangements. Lynsey works with national and regional health plans (including full service and specialty plans), as well as large health systems and physician groups, on a broad range of matters including population health management strategies, provider employment, risk-based, performance-based and value-based payor and provider contracting, compliance, acquisitions and physician alignment strategies.

Lynsey's practice is focused on licensing and other regulatory compliance matters, business transactions, patient privacy issues including HIPAA and HITECH Act compliance, and telemedicine, as well as Medicare and Medicaid reimbursement and certification. In addition, she counsels clients on state and federal fraud and abuse issues, including the Stark Law and anti-kickback and fee-splitting laws.

Honors

Woman of Influence: Health Care, *Los Angeles Business Journal*, 2023

Health Care Group of the Year, *Law360*, 2022

Client Service All-Star, *BTI Consulting*, 2022

The Legal 500 US, Healthcare, 2018-2022

Experience

Recent Selected Operational and Contracting Projects

- Advised UAW Retiree Medical Benefits Trust, one of the largest non-governmental purchasers of retiree healthcare in the United States, in its negotiation with United Healthcare Insurance Company of a Medicare Advantage Prescription Drug Plan (known as an Employer Group Waiver Plan) to provide group health benefits across the United States to retired members of the United Auto Workers labor union and their dependents.
- Represented large provider and operator of specialty health plans in structuring a national downstream global risk and population health management shared savings program.
- Assisted major insurer to the Medicare Advantage line of business in ten geographic markets and advised on its state and federal licensing and contracting.
- Structuring innovative “two-site, one program model” between large university health system and regional children’s hospital to transform pediatric care delivered by the hospitals
- Assisting ambulatory surgery center client to establish innovative bundled payment arrangements focused on total joint and spine surgeries
- Assisting children’s hospital to evolve to a multi-hospital health system and advising on physician integration strategies and population health initiatives
- Negotiating commercial ACO shared savings arrangements on behalf of an ACO made up of independent primary care physicians focused on business and practice transformation services
- Drafting agreements between behavioral health provider and self-insured employers focused on optimization of delivery of services through proprietary healthcare technology
