Where:

SQUARE - Brussels Meeting Centre
Glass Entrance
rue Mont des Arts
B-1000 Brussels

When:

November 6-7, 2017
9am-1pm

Find Clarity At the Congress

You've heard about the GDPR, you've talked about the GDPR, now you're ready to do something about the GDPR.

The **IAPP European Data Protection Congress 2017** takes a solution-focused approach with GDPR-oriented programming to help you devise and execute a compliance strategy.

At the same time, we'll keep you up-to-date on other key privacy issues. Non-GDPR sessions will address privacy by design, a fresh look at privacy impact statements, data breach bootcamp, mHealth, Privacy Shield, big data, profiling, data retention policies and more.

Data Breach Bootcamp

With the GDPR, the reality of data breach notification and response truly hits home for the EU. This unique, interactive data breach simulation will help you prepare your company for a breach, with information on what to do before, during, and after an incident occurs. We will address how to handle tricky legal notice situations and multijurisdictional notice law by walking you through a step-by-step experience.

What you'll take away:

- The immediate steps to take when presented with a potential data breach

- Why legal should be involved in the process, and how they should be involved
- Familiarity with a full breach episode and how to handle it while lowering the organisation's risk and exposure

Additional Registration Fee Required

Speakers:

- Sylvie Rousseau, Head of EU Data Protection Team
- Liisa Thomas, Partner, Co-Chair, Privacy and Cybersecurity Practice
