

Cyber Risk, Law and Policy Symposium

11.15.2018

Location:

Joan B. Kroc Institute for Peace and Justice, San Diego, CA 92111, United States

About:

The University of San Diego's Center for Cyber Security Engineering and Technology will host this upcoming Symposium in Cyber Law, Risk and Policy to be held on the beautiful USD campus. Cyber laws, risks and regulations are the foundations of which all executive leaders are struggling to understand and apply to their daily work of trying to prevent cyber intrusions. This Symposium will help to answer some of these pressing questions and challenges. Don't miss this very valuable Symposium to not only learn from cyber experts but also network with other leaders and decision-makers around the tough cyber decisions.

Practice Areas

Privacy and Cybersecurity
