

GDPR - Not Just an EU Concern

12.11.2018

Where:

Sheppard, Mullin, Richter & Hampton LLP
12275 El Camino Real
San Diego, CA 92130

When:

Tuesday, December 11, 2018
12:00 p.m. – 1:00 p.m.

About:

Join us for an overview of data privacy – the challenges it poses to organizations, pitfalls to avoid, and best practices to comply with an ever-growing number of regulations. We will offer insights into the tenants of data privacy including consent, breach prevention, and the right to be forgotten or data subject access requests and discuss conflict of law consequences arisen from these regulations.

In this interactive seminar, we will compare GDPR and the California Consumer Privacy Act. Our experienced panel will cover the Legal and IT department's compliance requirements to understand how the privacy regulations affect the way your organization does business.

Registrants will receive a self-assessment questionnaire for GDPR compliance from Epiq's IG business group, the leading Microsoft GDPR and data privacy partner. One-hour general MCLE credit is offered for CA State Bar members.

Sponsored by the Association of Corporate Counsel San Diego, San Diego Paralegals Association, Sheppard Mullin, and Epiq Global Solutions. Register with the link below; remote access will also be made available.

Speakers:

- Justine Phillips, Partner, Sheppard Mullin
- Shanna Pearce, Senior Associate, Sheppard Mullin
- Jessica Gross, CIPP/E, Associate, Sheppard Mullin
- Elizabeth Fogerty, Compliance Consultant, Epiq Global Solutions
