

2nd Annual USD Cyber Law, Risk, Policy Symposium

University of San Diego's Center for Cybersecurity Engineering & Technology

11.07.2019

Where:

Joan B. Kroc Institute for Peace and Justice
5998 Alcala Park
San Diego, CA 92110

When:

8:00 a.m. - 6:30 p.m.

Speaker:

Justine Phillips is chairing this event. She is doing the opening keynote and welcome; moderating the panel on "Reasonable Security" Programs Under California Consumer Privacy Act; chairing the Cyber Law Roundtable; and leading Live Breach & Incident Response.

About:

This one day Symposium will explore the intersection of cyber and law by offering comprehensive and thoughtful panels on managing vendor cyber risk, assessing and calculating cyber risk, understanding "reasonable security," developing defensible security programs, learning from global comparative cyber laws, participating in a cyber law roundtable, conversing with law enforcement (including FBI, District Attorney and California Attorney General's Office), and observing a live data breach and incident response. Learn from world thought-leaders on the future of cyber law, network with peers, and develop skills as a hybrid cyber professional. Cyber Law Attendance Certificates will be provided to attendees that attend the entire day.
