

Future of Television Conference

Digital Media Wire

09.24.2019

Where:

Museum of Jewish Heritage
36 Battery Place
New York, NY 10280

About the Event:

Competitive gaming tournaments have been packing stadiums and drawing record viewers online for some time, and are increasingly becoming part of the network and cable television mix. What do the next few years look like for the growth of eSports leagues in television broadcast, live event, and online settings? Does eSports need linear broadcasting? Do the television networks need eSports? Join Partners Daniel Schnapp and Sidney Fohrman for their panels; details below.
