Castle Publications is pleased to announce that the upcoming seminar series will be presented in person* as well as via a live broadcast. Attendees at Castle's programs will see and hear Attorney Richard J. Simmons, one of the nation's most highly sought-after speakers and authors on employment law. Showcasing his energetic presentation style, Mr. Simmons will present the upcoming series while featuring his invaluable Manuals as the program texts for each of the three seminars.

Each of the programs is designed to provide a meaningful examination of the **state and federal laws** in their respective areas, as well as many practical concerns. Particular attention will be devoted to areas of frequent concern to California employers and common pitfalls that have resulted in significant employer liabilities. The programs are intended to show employers **HOW TO** avoid, limit, and eliminate liabilities. Along with the extensive course materials (provided to all registrants), the programs will enable employers to understand what the laws require and how to comply.

** All in-person attendees must meet the CDC definition of being Fully Vaccinated. If you do not expect to be fully vaccinated by the event date, we invite you to attend the virtual session.*

The Employee Handbook and Personnel Policies Program will feature Richard Simmons' popular desk reference, the **Employee Handbook And Personnel Policies Manual**. It provides a unique examination of the state and federal laws that regulate personnel policies and employee handbooks. Mr. Simmons will discuss sample policies that can be of enormous value to employers in their efforts to avoid and defend **wrongful discharge, leaves of absence, discrimination, wage-hour** and other claims. Handbooks and personnel policies are viewed as legal documents. Most experts feel they are necessary. Yet, they create **contractual** and other **legal obligations**. In addition, because they are often introduced as evidence in legal disputes, it is essential that they be well drafted.

This seminar will examine the legal and practical issues associated with employee handbooks. It will discuss the proper approach to drafting policies that will **implement employers' objectives while safeguarding their interests**. The program text includes **more than 460 sample policies**, including policies on **termination, progressive discipline, at-will employment, teleworking, cell phones, vacation benefits, sick pay, leaves of absence, social media, reference requests, and performance evaluations**, among others.

You will not want to miss this invaluable workshop. The **Employee Handbook And Personnel Policies Manual (over 800 pages)** is an indispensable resource that has received national acclaim and is valuable for employers in all industries.

Among the many subjects that will be discussed in the program are the following:

- **The Essential Policies**
- **Family and Medical Care Leaves**
- **Benefit disclaimers**
- **California's Paid Family Leave Law**
- **Progressive and corrective discipline policies**
